5. मास्टर साहब पुस्तक पढ़ो।

Ev.S

- * Illustrate and name any 3 sources of Energy on an A-4 sheet.
- * Read pages 1 to 7 from Matter and Energy reader.

MATHS

Activity 1

Read the poem given below and draw a picture of what arithmetic means to you on A4 size sheets. Under the picture, write 'ARITHMETIC' is _____ and then complete the sentence.

ARITHMETIC

Arithmetic is where numbers fly like pigeons in and out of your head.

Arithmetic tells you how many you lose or win if you know how many you had before you lost or won.

Arithmetic is seven eleven groups of Raven– or five six bundle of sticks.

Arithmetic is numbers you squeeze from your head to your hand to your pencil to your paper till you get the answer.

Arithmetic is where the answer is right and everything is nice and you can look out the window and see the blue sky-or the answer is wrong and you have to start all over and try again and see how it comes out this time.

If you take a number and double it and double it again and then double it a few more times, the number gets bigger and bigger and goes higher and higher and only arithmetic can tell you what the number is when you decide to quit doubling.

Arithmetic is where you have to multiply-and you carry the multiplication table in your head and hope you won't lose it.

Activity 2:

- Learn tables 2 to 20.
- Do the following pages in Mathsahed
 - (a) Page 116 of Chapter 12 – Time
 - (b) Pages 117, 118 of Chapter 12 – Time

CREATIVE ACTIVITY

Read the newspaper for at least 15 – 20 minutes on a daily basis. Cut and paste at least 3 interesting and relevant pictures for each of the following categories in a scrap book (containing A4 size pastel colour sheets). Describe each picture as well in a few sentences.
