

Sr. Kg.

1. Read the reader 'splash and squelch'
2. Read and circle the sight words you know in the news paper (already done in class) eg:- in, is, on, by, it, by the, my, this, that , with, said.

3. Revise math vocabulary

Big and small

Over and under

Few and many

Up and down

Front and Back

4. Math seriation Activity

Trace yours, your mumma's and your father's palm on a chart paper. Cut and arrange them from big to small. Write names on the palm print to make the activity more interesting.

5. Folding clothes

Making your little one's learn how to fold clothes and become little helpers. Give them small articles like napkins, hand towel, shorts which are easy to fold. First demonstrate it to them then ask them to follow your steps.

Note:- The activities given above are not compulsory. They are meant to keep the child constructively busy for some time during the day.
